Reopen and operate during the pandemic.

Manage Employee Wellness

For over 60 years Professional Health Services has worked with all types of businesses, members of our healthcare and public safety sectors, our educational community as well as federal and state agencies to protect the health and well-being of their staffs.

Maintaining productivity requires a work environment where employees feel comfortable returning to work, and employers can mitigate risks to support the ongoing prevention of COVID-19. PHS Mobile Health Testing uses tailored programs and innovative technology to easily monitor and report on COVID-19 related symptoms with our COVID-19 Employee Wellness Management solution.

- Easy-to-implement intuitive platform
- Participants use app on their smartphone or computer
- Custom protocols for Coronavirus testing
- Modify processes and procedures
- Dashboard shows your employees in risk categories
